In December of 2003, I was diagnosed with a seriously blocked carotid artery on the right side of my neck. Within five days, I had to have an emergency surgery to clear the artery. At that time, I was working at the post-office in Rodeo, working long hours and was very stressed-out. So because of my health problems my husband and I decided to put our house up for sale and move to Sacramento.

By March of 2005, after having another ultra-sound done on my carotid arteries, I was told the same right artery was blocked again, this time 80%. Not only was my artery blocked again, but they also found a nodule on my thyroid! At this point I was really worried and began to pray and seek the Lord and ask for His help!

It was around this time I started attending the women's Bible study at Trinity Life Center where I asked for prayer. At the end of the study Barbara Chaney approached me and said she knew of a product that could help me. That's when I was introduced to Golden Neo Life Diamite's products called Lipotropic Adjunct and Salmon oil. I began to take them daily.

In October of the same year I went back to the doctor to be rechecked with another ultra-sound on my arteries. And thanks-be to God, my artery went down 40%! In fact, the doctor said, "both my arteries had very little blockage." When I went back to the doctor to talk with him, I asked him what I should do to help prevent all my arteries from becoming blocked, he told me to keep taking the Lipotropic Adjunct!

Not only did that happen, but also in March of 2006, I had to go in to have my thyroid checked again and the doctor could not find the nodule that was there the year before!

Now I maintain by continuing to take the Lipotropic Adjunct, Salmon Oil and Formula IV Plus (grain oils). These products are all 100% natural. GNLD offers products backed by sound scientific research. The aggressive research program of the GNLD Scientific Advisory Board (SAB.) guarantees that GNLD will continue to lead the industry with the finest nutritional supplement products. The University of Stanford also stated this about GNLD.

I thank God for helping me to discover GNLD and their wonderful products. It was an answer to prayer!

I would love to speak to you. Feel free to call me. (916) 730-4556
